National Conference
on

Recent Developments in Chemistry

RDC-2018

December 17-19, 2018

Organized by
Department of Chemistry
National Institute of Technology Durgapur

Mahatma Gandhi Avenue
Durgapur-713209, India
www.nitdgp.ac.in

Sponsored by
TEQIP-III

Aim and Theme

The aim of the national conference (RDC-2018) is to bring together eminent scientists and academicians on a common platform for the benefit of students, research scholars and consultants in general and the society as a whole. We are keen to organize this national conference to get an insight into the latest developments in the diversified fields of chemistry. Distinguished scientists from prominent institutes all over India have agreed to share their exciting findings in recent time from their research work and we are immensely grateful to them. The matter for various discussions will be based on different recently emerging fields of chemistry along with the very basic core area of chemistry which will appeal to students and research scholars from different academic backgrounds. Therefore, this conference will provide a way to enhance interdisciplinary knowledge in the scientific community about the modern advancements in the domain of chemistry. Moreover, such an initiative will encourage beginners, amateurs and even the experienced, to delve further into exploring the potential of research in chemistry.

After the grand success of the previous two versions of the conference (RDC-2013 & RDC-2016), this time again we expect to rise above the previous milestone.

Subject area to be covered:

- Analytical Chemistry
- Biochemistry
- Computational Chemistry
- Environmental chemistry
- Material Science
- Natural Products and Synthetic Organic Chemistry
- Nuclear and Radiation Chemistry
- Spectroscopy and Photochemistry
- Thermodynamics and Electrochemistry
- Nonconventional energy

About NIT Durgapur

National Institute of Technology Durgapur(NITD) is a leading technical institute offering undergraduate, postgraduate and doctoral programmes in various disciplines of engineering, technology, science, social science and management. NITD was established as a Regional Engineering College (REC) in 1960 as a joint venture of the Government of India and Government of West Bengal. REC Durgapur was converted to NIT Durgapur under the full administrative and financial control of the Ministry of Human Resource Development of Government of India with a Deemed University status on 3rd July 2003. Subsequently NITD has been given the status of a University by the UGC Act. The Institute was declared an Institute of National Importance by the Government of India.

Durgapur is situated at a distance of about 180 Kms from Kolkata. It is located right on the major railway and express way (NH-2) connecting Kolkata to Delhi and Durgpur can be reached from Kolkata (and vice versa) in 2 hrs.30 minutes.

About the Department

The Department of Chemistry started its glorious journey in 1960 with the establishment of this Institute. Presently, The DST FIST supported department is running 2 years M.Sc. course and 5 years Integrated M.Sc. in Chemistry. Department has a rich heritage of inspiring teaching and research in the frontiers of chemistry. Implementing high valued externally sponsored projects, publication in internationally acclaimed journals, guiding Ph.D students, organising seminars and workshops etc. are the regular activities of the department, which reflects its brilliance in academia and research.
